Official Statement on Sexual Harrasment

TCP-Talaria Joint Statement

JOINT STATEMENT

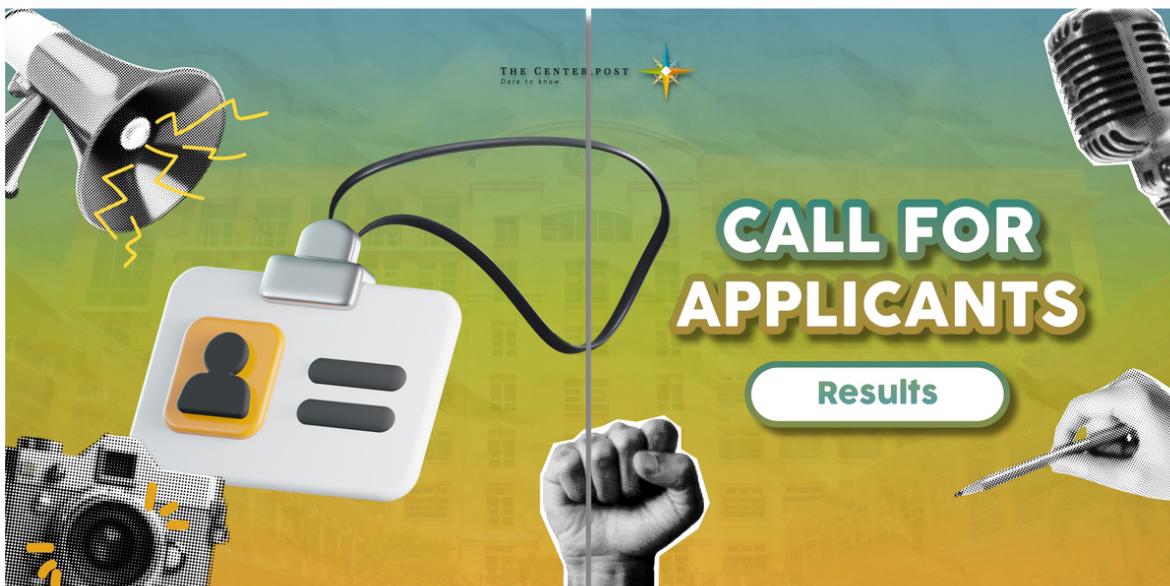

In light of the recent information revealed to the public on the details of the current case of sexual harassment reported by the 9 students of Manila Tytana Colleges, The Centerpost and Talaria Publications, being the official student publications of the College and Senior High School Department, we refuse to sit still and be silent.

As unbiased student publications, we call on the school administration to be transparent with how the case is being handled, the same way that we call on members of the Tytana community to speak up about their grievances.

While waiting for the college's official statement, we call on Manila Tytana Colleges to fulfill its promise to punish campus predators and enablers to ensure the safety of everyone in the campus.
